*SECOM-D-180

28 June 1985

MEMORANDUM FOR: SECOM Members

FROM:

Chairman

SUBJECT: Membership of SECOM's Subcommittee on the Future

1. At the 26 June 1985 SECOM meeting a question was raised about a first meeting of the Subcommittee on the Future. The response was that we are waiting for several departments and agencies to designate subcommittee members.

2. I appreciate action by Army, CIA, Energy, NSA, Navy and OSD in designating experienced persons to serve on this subcommittee. I would like the subcommittee to meet soon to consider the rapidly changing security environment and to start charting some areas for future SECOM effort. The remaining member agencies are requested to designate their representatives as soon as possible. Please provide your designations or a negative response to me not later than 15 July 1985.
